

HARLESS OR PETER CAVE CEMETERY
WOODVILLE, WEST VIRGINIA

The Harless Cemetery is located on the hill near the lumber company in Woodville. Bill Bowman said the train station which was located there was called "Fork Junction". The cemetery is on the other side of State Road # 3 from Whitten's Grocery.

Fences divided family sections. Therefore, this record is given in sections rather than rows. There were more than thirty unmarked graves in the cemetery. One unmarked grave was that of the infant son of Feaster and Mary (Griffith) Vickers.

The cemetery was recorded by Angie (Pauley) Williams, Nellie (Williams) McClure and Ruth (Williams) Cornell on Jan. 25, 1981.
